Andre Petrevski
Director
Global Safe NSW Pty Ltd

14 May 2007

Dear Simon and Tibor,

I have started my Global Safe Technologies Authorised dealership back in May 2005.

Since that date I have found that my business and the product range has grown quite dramatically and the support and backup from the head office is unparalleled.

My business is growing quite steadily and Global Safe Technologies are always there to help me with my business.

Before I started my business I was employed and very dissatisfied with my circumstances at that time. Albeit I was a bit sceptical when I started the business, today I know it was the right decision for me.

I am in a much better financial position and enjoy more freedom than I had before. I know that my future is in my hand and I am in control.

I would not hesitate to recommend your company and the Authorised dealership to any prospective franchisee as you are delivering on your motto, "Your Success is Our Success".

Best regards,

Andre Petrevski
